Tracking THE TWO-YEAR-OLDS!

FUN IN THE SUN: OUR ANNUAL OCALA TRIP

With crisp but perfect weather, our great group of owners got to meet a stellar cast of young 2-year-olds on this year's trip to Ocala.

Friday, February 6, was a busy day from start to finish. We were greeted at Dr. Eisaman's Eisaman Equine Training Center with frost on the ground but sunshine abound. We enjoyed fresh donuts, bagels, and hot coffee as we got the day started. Our stalwart members that have been with Belladonna since its inception embraced the new faces who joined us for the first time. We spent the entire morning watching our colts and fillies go through their morning routine on the track, and then we met each horse individually at the barns.

After all business was complete, we had the pleasure of having a few great meals together. As Paul said, we are working on the Belladonna-50# (a la Freshman-15#) and so we didn't miss the opportunity for a fantastic lunch at Ivy's in downtown Ocala, followed by an outstanding dinner at Mark's Prime Steakhouse in the evening. The chatter and banter about horse racing is just the best.

Tracking THE TWO-YEAR-OLDS! (CONT.)

This year, we offered a second chance to see the 2-year-olds train toward the end of the month. On February 28th, several owners took the opportunity to join David and go through the morning routine.

These young horses are at a stage of training where several are making significant progress. It won't be long before the more precocious ones will ship into Cherie's barn at Keeneland.

Thank you to each member for taking your valuable time to share a few days with us in Florida. We truly appreciate the effort and we hope you had as much fun as we did.

"I was more impressed with our group of 2YOs at this point in time than I was when we bought them, and that says a lot!" – Paul Manganaro

WIN IN THE *Big Easy!*

Love Leads to Mardi Gras Celebration

LOVE AND TRUST won impressively in her two-turn debut at Fair Grounds on February 17th, leading the parade from gate to wire on Mardi Gras Day. It was her second career start.

LOVE AND TRUST broke inward at the start and collided with the horse next to her, while the horse outside the 3 horse came inward. Jockey Jose Ortiz was able to gather **LOVE AND TRUST** up and they went to the lead easily.

Allowed to relax on the lead, **LOVE AND TRUST** set measured but quick splits of :24.17, :48.37, 1:13.11, and 1:37.2. Turning for home, Ortiz cut her loose and **LOVE AND TRUST** spurted away from the field, although greenly. Deep in the stretch, she was swapping leads from possibly seeing tire tracks and a shadow, yet was still able to win in hand while galloping out well. She finished the 1¹/₁₆-mile maiden in 1:43.69 over a fast main track, crossing the wire 3 ½ lengths in front as the even-money choice.

Ortiz commented, "I REALLY like this filly; she ran super and felt good all the way around the track. I had a lot of horse the whole way around. I'm not sure what happened at the gate; she broke in but then got herself righted quickly. She put herself in the race and then rated nicely. Down the stretch she saw something and ducked but never stopped running. She is very nice!"

Cherie added, "That was what I was expecting out of **LOVE AND TRUST** today. The post cost her last time going short, but her real future is at the two turns. She exited the race well. As for a next start, we will nominate to the Fair Grounds Oaks and see who goes in there. **LOVE AND TRUST** is a nice filly, so I'm not going to get in a hurry with her, but her talent is one that gives us a lot of hope for the rest of the year."

RACE RECORD: 2-1-0-0 \$36,000

B-I-C-S-P (Brilliant-Intermediate-Classic-Solid-Professional)
4-7-5-0-0 DI = 5.40

Numbers starting on the left would suggest speed influence and move toward stamina influence as we move to the right. The DI is calculated by taking the sum of the B-I and half of the C numbers and dividing that number by the sum of half the C number and the S-P number.

DESCRIPTIONS

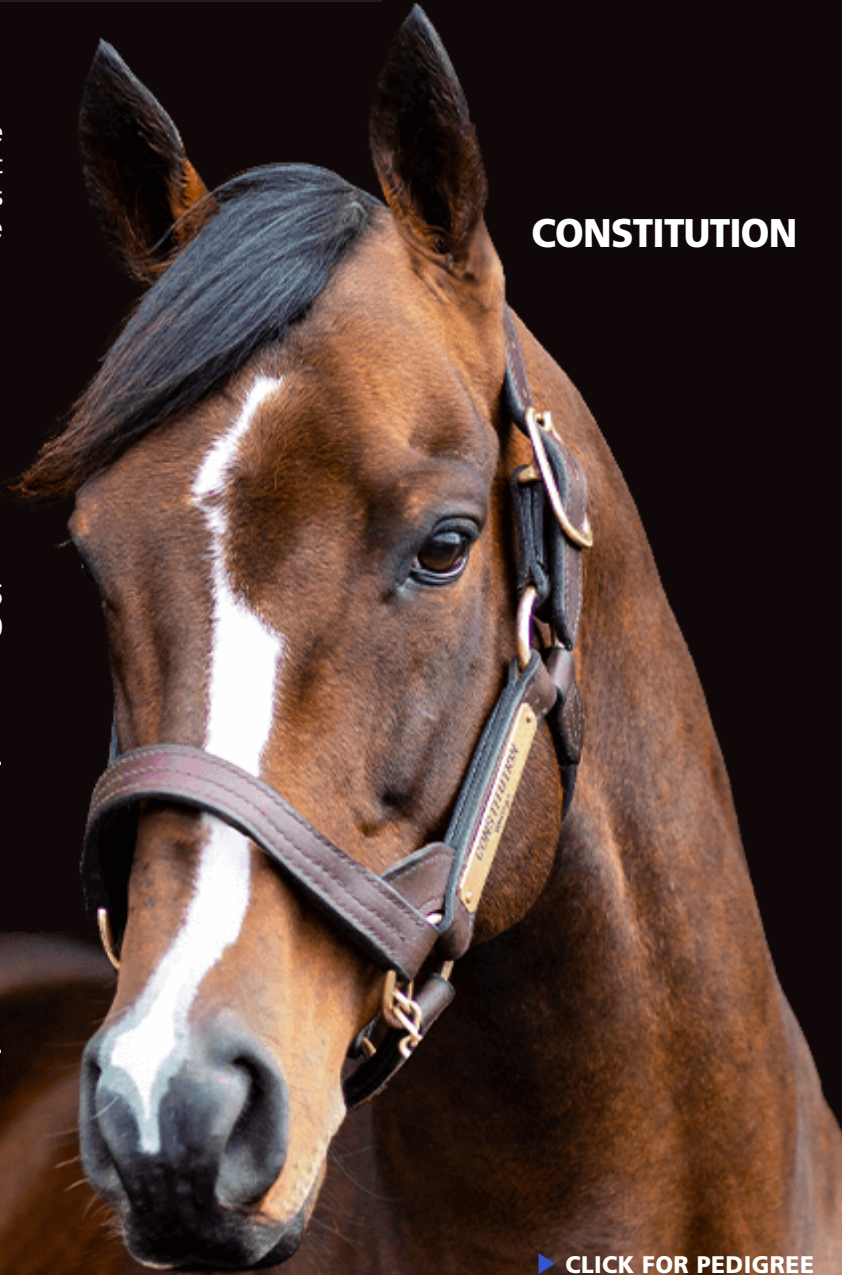

ENICK RATING:

Werk Nick Ratings (often referred to as eNicks reports) measure the statistical success of pairing a specific stallion with a mare's sire line in horse racing. Ratings range from F to A+++, indicating how often a cross produces stakes winners compared to the average, with "A" grades representing superior, proven success.

DOSAGE INDEX:

The Dosage Index (DI) is a pedigree-based metric, with lower numbers (ideally under 4.00) indicating higher stamina for distance, while higher numbers suggest speed. It is calculated as a ratio of speed-to-stamina points based on chefs-de-race in the first four generations.

Admission To Preakness At Laurel Will Be Limited To 4,800

Tuesday, February 24, 2026 at 3:55 pm | [Back to: Top News](#)

By *Bill Finley*

With the GI Preakness moving to Laurel for this year's running, attendance will be limited to just 4,800 patrons, according to a spokesperson for 1/ST Racing.

The story was first reported by Matt Hegarty in the *Daily Racing Form*, who provided 1/ST with a list of questions regarding this year's race.

Though 1/ST had turned over Laurel and Pimlico to a quasi- public organization now running racing in Maryland, 1/ST maintained the rights to the 2026 Preakness.
